28th January 09

Just a few words to say 'Thank you' for entertaining our children with the 'Not so Jolly Roger.'

The performance was entertaining, great fun and most importantly engaged all pupils with interactive activities.

The problem solving section of the show was pitched ideally to cater for Y3-6, more able children used standard methods and were able to explain how and why their answers were correct.

I would recommend the show to all primary schools

Thanks once again,

Vanessa G&E

Maths Co-ordinator
